As part of our client service, we have a fully operational workshop to assist clients with mechanical, electrical, panel and spray-painting work they require on their assets.

05 VALUATION SERVICE

With decades of combined machinery and truck trade experience, WCT Auctions has the expertise to conduct free and fair valuations on all assets brought to book.

ONLINE BIDDING SYSTEM

In recent times it has become evident that most bidders prefer to bid on multiple auctions at the same time. With WCT's online bidding platform, enables bidders to bid from anywhere around the country and internationally.

Our intricate timed online system enables a fair timed setup where each buyer is given an extra 5 minutes of bidding time before the lot closes.

The easy to use "Auction Mobility" system can be operated from any desktop or laptop. There is also a free mobile app for android and Apple iOS systems for the bidder that is on the move.
